Recreating Community in Santa Rosa

A socially distanced event

Saturday, June 5. 10am-noon-ish

We're gathering to connect and reconnect, as we emerge from social isolation.

- Share your experiences of re-entering in-person activities in our city, districts, & neighborhoods
- Find out how you can join others to shape the future of Santa Rosa
- Hear what's happening in Santa Rosa's 4th district and meet Council Member Victoria Fleming

Join us! It's free and all are welcome!

Santa Rosa Together will kick off our first in a series of in-person gatherings, starting in District 4 with City Council Member Victoria Fleming as co-host. Join us in a hopeful, beginning-of-the-end of the pandemic, for a series of neighborhood-strengthening, neighborhood-building events. Future gatherings will be held in all of our City Council districts.

This is a socially distanced, in-person experience. Bring your mask* and feel comfortable in the neighbor-friendly crowd.

Registration is required as seats are limited. A virtual link will be established if we reach our in-person capacity.

Register for this free SRT Neighborhood Meeting: Saturday, June 5, at this link: <https://recreatingcommunity.eventbrite.com>

*Masks continue to be a requirement in CA until June 15th in crowded gatherings and for unvaccinated people. We ask that you bring a mask in case social distancing cannot be maintained throughout the event.
